FORTRESS®

FASTENERS

Manufacturing Suppliers Ltd (MSL) was the innovation of the company director in 1980 starting as a small operation in New Lynn, Auckland. It was his vision to meet industry demands for a range of quality fasteners backed by a dependable service. Thirty years on, this vision is still paramount, a service that delivers a range of fasteners on time, every time.

We have grown dramatically since the eighties with 10 branches nationwide. Our flagship being that we remain 100% New Zealand owned and operated and continue to pride ourselves on our personal service.

Today we employ over one hundred people and have a network of fully-stocked branches carrying over 200 million items and 10,000 product lines. This makes us arguably the largest fastening wholesaler in the country. Our new products, creative packaging and merchandising initiatives have also earned us a reputation as industry innovators.

We owe our success to our ability to deliver on time and in full to a wide customer base in manufacturing industries, the building trade and to building supplies merchants in New Zealand.

This, combined with the strength of our own Fortress brand and our exceptional customer service is what makes MSL a market leader.

Our local ownership means we understand the local market and have the ability to make decisions rapidly and easily. Large enough to meet the demands of any customer, we are still small enough to offer the personal touch.

MURO EASY SYSTEM

CH7241 - Easy Driver

- Just load a strip of screws into Easy Driver and you are ready to start the job
- Labour and material savings on every job
- No more dropped or lost screws

Recommended Applications

- Drywall or wood to light metal studs
- Drywall or wood to wood studs
- Metal to metal

User Features

- Adjustable depth control for repeatable countersinking
- Rubber nose piece prevents damage to work surface
- Lightweight
- Drives 20mm to 40mm screws - no adjustment required
- No more dropped or lost screws
- Ergonomically friendly - work standing up
- Housing can be easily rotated for access into tight spaces
- Reversible
- Durable housing made from glass filled reinforced nylon
- Nickel plated screw guides for extended wear
- 30 screws per strip
- Can accommodate either pneumatic or electric drive systems
- 1 year Warranty

Operational Accessories

- Extension T handle - fully adjustable, allows for standing operation, no more back pain
- Padded carry bag
- Double ended bits - that change quickly, no tools needed
- Screw pouch clips to your belt for a convenient supply of screw strips

MURO POWER SYSTEM

FLVL41 - Power Driver

- Industrial strength for the professional contractor, one piece system no awkward attachments
- No predrilling of wood required
- Tremendous labour savings on every job

Recommended Applications

- Wood to Mild Steel
- Wood to Aluminum
- Dock Building
- Truck & Trailer Restoration

User Features

- Adjustable depth control for repeatable countersinking, no raised screw heads
- Drives 25mm to 75mm screws - slight adjustment required
- Reversible
- No more dropped or lost screws
- Ergonomically friendly - no more reaching for every single screw, can be fitted with extension handle - work while standing up
- 100 to 150 screws per coil, based on screw size
- Drives special RSM screws - wings ream a slightly oversized hole so threads will not engage wood, keeping hole free of wood debris resulting in a very tight attachment
Wings break off when they hit the steel, and the threads engage and self tap into metal
- 1 year Warranty

Operational Accessories

- Extension T handle - fully adjustable, allows for standing operation, no more back pain
- Palm handle attachment - provides better leverage and improved control for tighter spaces
- Padded carry bag
- Double ended bits - that change quickly, no tools needed
